Notice of Allowance

This is the Notice of Allowance for application number 10/712,121 Deck Mounting Bracket filed on 11/13/03. Claims 1, 3, 6-14, 18, 20, 21 and 23 are allowed.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach an uninterrupted continuous piece of material with a cross section that is angled having a planar solid separating flange portion, a joist fastening flange portion having a hole, the joist flange portion connected to the separating flange portion which is approximately perpendicular to the separating flange portion, a support flange portion connected to the joist fastening flange portion having an access whole which is aligned with the joist fastening hole and a planar plank fastening flange portion connected to the support flange portion consisting of a free edge on a side opposite the support flange portion and further having a hole therein. The term "consisting of" has the intent to limit the plank fastening flange portion to having a planar surface only.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
